ICE E-Database in Free Trial ppu pdf.pdf

The Institution of Civil Engineers (ICE) (Free access till end of May 2009)http://www.thomastelford.com/journals Access has been activated via the IP's: Student or staff can access to this E-Database is only from within the university. The Institution of Civil Engineers (ICE) is the world's longest established professional engineering body. Thomas Telford Ltd. is the knowledge business of the ICE, publishing authoritative journals featuring new research and practical case-studies :from across civil engineering. The list of E-journals The Institution of Civil Engineers

Advances in Cement Research

Dams and Reservoirs

Geosynthetics International

Géotechnique

Magazine of Concrete Research

Proceedings of ICE, Bridge Engineering

Proceedings of ICE, Civil Engineering

Proceedings of ICE, Construction Materials

Proceedings of ICE, Energy

Proceedings of ICE, Engineering and Computational Mechanics

Proceedings of ICE, Engineering History and Heritage

Proceedings of ICE, Engineering Sustainability

Proceedings of ICE, Geotechnical Engineering

Proceedings of ICE, Ground Improvement

Proceedings of ICE, Management, Procurement and Law

Proceedings of ICE, Maritime Engineering

Proceedings of ICE, Municipal Engineer

Proceedings of ICE, Structures and Buildings

Proceedings of ICE, Transport

Proceedings of ICE, Urban Design and Planning

Proceedings of ICE, Waste and Resource Management

(Proceedings of ICE, Water and Maritime Engineering (no longer published

Proceedings of ICE, Water Management

Structural Concrete
